2017 CLASS CATALOG

SCREEN PRINT: BASICS

\$99

This full day course will explain the art of screen printing from start to finish. Learn about selecting inks based on garment fabric, screen making, press set-up, a variety of screen printing techniques, and press breakdown. GSG's Print Application Specialist, Mark Suhadolnik, teaches the basics of screen printing. Class tuition includes lunch and a starter sample kit.

SCREEN PRINT: ADVANCED

\$159

Expand your knowledge of basic screen printing techniques and jump into this advance level course. GSG's Print Application Specialist, Mark Suhadolnik, teaches highly coveted skills, such as printing on polyester, using specialty bases, and specialty application such as glitter and foil. This course also covers various ink mixing systems so that you can offer color matching requests or achieve custom color palettes. Class tuition includes lunch and a free special effect instructional swatch book.

SCREEN PRINT: AUTO

\$299

Instructed by Mark Suhadolnik, GSG Print Application Specialist, this unique two-day course is an immersive hands on experience for operating an automatic screen printing press. Maximize print shop efficiency by obtaining a strong understanding of pressure setting, squeegee angles, registration, print order, set-up, breakdown, and so much more. You'll gain valuable troubleshooting insight to ensure higher productivity and instill greater confidence in running your jobs.

BROTHER DTG

\$69

This GSG U class is for those who have recently purchased a Brother GT-3 Series direct-to-garment printer. Understand your GT-3 printer with important maintenance know-how and decorating ideas and tricks! Also learn important factors when marketing your direct-to-garment products, and best practices for pricing your creations.

EMBROIDERY: BASICS

\$49

Learn techniques to successful embroidery on a wide variety of fabrics and materials, as well as the processes for selecting appropriate stabilizers, needles and holding techniques. You'll discover tips and tricks for hoop placement, needle selection, thread selection, applique application, and pricing your services for profit. Expand your growing business to better serve and retain your clients.

HEAT TRANSFER MATERIALS

\$49

Get your start in the exciting world of heat transfer decorating! Learn everything you need to know about heat transfer film application in this exciting course from GSG U and Siser. Understand the different materials and films, their application, decorating techniques, and heat press tips.

WRAP INSTALLATION

\$399

Learn basic wrap film installation techniques from professional installer Jeff Wagner of J3industries. Experience hands on training in auto graphics application as well as window, wall, reflective, and floor graphics in this two-day course. Learn about material selection and testing, tools and application products, cleaning and prepping surfaces, and film removal. Class tuition includes lunch both days and a free wrap tool kit.
